

NEW PRODUCT RELEASE

12V Winch with Synthetic Rope Range

The latest range of DT4x4 Winches features 3 new 12V winch models that provide enhanced quality and improved performance from previous ranges. This includes enhanced motor size, optimized gear ratios, improved solenoids, and upgraded cable sizes, all designed to deliver superior performance and greater market appeal.

This range is specifically tailored for entry-level users and budget-conscious four-wheel drive enthusiasts.

It comes with a lifetime mechanical warranty, a 3 year warranty covering electrical components and water ingress.
